SHADE AND ORNAMENTAL TREES

SOFT MAPLE—Rapid growing, desirable, free from insects. 6-8 ft. \$1.50; 8-10 ft. \$2.00.

BOLLEANA POPLAR—Tall upright grower. Slender and very striking. 8-10 ft. \$2.50; 6-8 ft. \$2.00.

BOX ELDER—Of a spreading habit. Hardy and a rapid grower. 5-6 ft. \$1.00; 6-8 ft. \$1.50; 8-10 ft. \$1.75.

GOLDEN WILLOW—Bright yellow bark. Hardy and a rapid grower. 6-8 ft. \$1.50 each.

CHINESE ELM—Grows more rapidly than the other elms. Leaves are smaller and the tree does not get as large. 5-6 ft. \$1.25; 6-8 ft. \$1.50; 8-10 ft. \$2.00.

CUT LEAF WEEPING BIRCH—White bark and drooping. 5-6 ft. \$3.00; 8-9 ft. \$4.50.

NORTHWEST POPLAR — Best of Poplars. 5-6 ft. \$1.00; 6-8 ft. \$1.50; 8-10 ft. \$1.75.

GREEN ASH—Very hardy. Rather slow growing. Splendid tree for Montana. 6-8 ft. \$1.50; 8-10 ft. \$2.00 each.

MOUNTAIN ASH—One of our best ornamental trees. Blooms in the summer and carries bright red cherries through the fall and winter. 5-6 ft. \$1.50; 6-8 ft. \$2.50; 8-10 ft. \$3.50.

HEDGES

RUSSIAN OLIVE—A little faster growing than the Caraganda. Makes a splendid protective hedge as no one will attempt to go through it. 18-24 in. \$6.00 per 100; 2-3 ft. \$7.50 per 100.

CHINESE ELM—Rapid grower. A bright green attractive foliage. 18-24 in. \$4.50 per 100; 2-3 ft. \$6.00 per 100; 3-4 ft. \$7.50 per 100.

HONEYSUCKLE — If you want a hedge to grow tall for privacy and not requiring trimming plant Honeysuckle. Beautiful pink fragrant flowers followed by red berries. 18-24 inch plants \$15.00 per 100.

SPIREA V. H.—For hedging. 18-24 inch. \$15.00 per 100.

CARAGANDA OR SIBERIAN PEA TREE—One of the most popular hedge plants and hardy everywhere. Leaves and branches fine and attractive. Leaves out early in the spring. Can be trimmed to any desired height. Plant six inches to one foot apart. 2-3 ft. \$7.50; 18-24 inch, \$5.00; 12-18 inch, \$3.00 per 100.

BUCKTHORN — We consider this one of the best if not the best hedge. Handsome dark green foliage which is retained late in the fall. Strong well-branched plants 18-24 inches \$10.00 per 100; 2-3 ft. \$12.50.

VINES

CLEMATIS JACKMANII—The most beautiful flowering vine for the north. Hardy and free flowering. Blossoms 4 inches in diameter, deep purple. Covering the entire vine with flowers. Strong plants, \$1.50 each.

GOLD FLAME HONEYSUCKLE — An everblooming vine with pink blooms shaded with yellow. 2 year plants \$1.00 each.

LACE VINE—Very rapid grower. Beautiful green foliage, no insects. Sure to please. Strong 2 year roots 75c each.

VIRGINIA CREEPERS—Rapid growing and very hardy. Probably the best vine where shade is required. Two-year plants 50c each.

BRICK CLIMBERS — Same as the above except it will cling to brick, stone or stucco. Two-year plants 75c each.

ORNAMENTAL SHRUBS

SPIREA VAN HOUTTE—Sometimes called Bridal Wreath. The most popular of any shrub we have. Of a graceful and drooping habit. Covered with white flowers in the spring. A solid mass of bloom. 3-4 ft. \$1.00; 2-3 ft 50c.

SPIREA ARGUTA—Very similar to the above. Does not grow quite as tall. Blossoms before the leaves appear, 2-3 ft. \$1.00 each.

SPIREA SORBIFOLIA—Has rather feathery foliage. Flowers somewhat resemble a White Lilac. 3-4 ft. \$1.00 each; 2-3 ft. 75c.

SPIREA ANTHONY WATERER — A beautiful dwarf growing shrub. Blooms nearly all summer. Red flowers, 18-24 inch \$1.00 each.

SNOWBALL—An old time favorite. Too well known to need description. 3-4 ft. \$1.25 each; 2-3 ft. \$1.00.

TAMARIX—This unusual shrub should be largely planted. The foliage has a fine fairy like appearance. The pink blooms come in the summer. Very attractive. 3-4 ft. plants \$1.00 each; 2-3 ft. 75c.

HIGH BUSH CRANBERRY—Similar to Snowball. Carries bright berries in fall and winter. 3-4 ft. \$1.00 each.

SYRINGA VARGINAL—A new variety that blooms freely the first year and is loaded with blooms the second year. Much superior to the common varieties. 3-4 ft. \$1.00 each.

HONEYSUCKLE (Pink Tartarian)—One of the earliest shrubs to leaf out in the spring. We have found the Pink Tartarian the best of all the honeysuckles so do not list any others. 3-4 ft. \$1.00; 2-3 ft. 75c.

SUMAC (Common)—A rapid grower. Large fern-like leaves give the bush a tropical appearance. Should be cut back severely every spring. 3-4 ft. 75c.

RED BUTTERFLY BUSH—Blooms all summer. Flowers red, good for cut flowers. 75c.

ELDER (Common) — A handsome vigorous growing shrub. Berries are good for pie or jam. 3-4 ft. \$1.00 each.

ELDER (Golden)—Very much like the common Elder except that some of the leaves are golden and the bush does not grow as tall. 3-4 ft. \$1.00 each.

ELDER (Cut Leaf)—This shrub is much like the preceding Elders only the leaves are finer. 3-4 ft. \$1.00 each.

DOGWOOD—Notable for its bright red bark. A good dependable shrub and attractive in winter as well as summer. 3-4 ft. \$1.00 each.

LILAC (Common Purple)—Needs no description. 3-4 ft. \$1.00 each.

FRENCH LILACS—\$1.50 each.

VILLOSA LILAC—Blooms late in spring. Never caught by frost. Orchid pink. \$1.00 each.

PERSIAN LILAC—Has finer branches and leaves, also larger flowers than the common. Does not sucker. 3-4 ft. \$1.00 each; 2-3 ft. 75c.

SNOWBERRY—A low growing shrub succeeding well in shade. Has white wax-like berries all fall. 2-3 ft. 75c each.

FLOWERING PLUM—Small pink rose-like flowers, very hardy, blooms early in spring. \$1.50 each.

PURPLE LEAF PLUM—Purple foliage all summer. Makes fine color contrast with other shrubs. \$1.00.

—RED BARBERRY—Red foliage all summer. Dwarf shrub. \$1.00.

HYDRANGA—One of the few shrubs that bloom in the summer. White flowers in clusters resembling an inverted pear. 2-3 ft. \$1.50 each.

ROSES

In the states of Montana, North and South Dakota, and Wyoming, it has been generally considered that roses are difficult to grow. With the usual methods of selecting varieties, planting and care that have been followed, it is not only difficult but practically impossible to secure satisfactory results.

In 1920, Mr. W. W. Treadwell began experimenting with different varieties of roses and the methods of planting and care of same. In a few years, he had developed a system of selecting varieties, of planting, and of care that has made roses the easiest of flowers to grow. A tag is attached to all rose orders giving directions for planting and care. These directions are so simple and so easy to follow that many are surprised at results obtained.

Our roses are specially treated, both roots and tops and thus transplant very successfully.

MRS. PIERRE S. DePONT—Bud reddish gold, flower deep golden yellow lighter with age.

VILLE de PARIS—Lasting, well-shaped blooms of sunflower yellow.

SOUVENIR DE CLAUDIUS PERNET—Flowers sunflower-yellow, unfading even in the warmest weather; foliage brilliant green.

PAUL'S SCARLET CLIMBER—We consider this the best of the red climbers. Vigorous, hardy and profuse.

NELLIE PERKINS—Orange pink.

RED GROOTENDORST — Small blooms in clusters. Splendid shrub rose that blooms all summer. Very hardy.

TALISMAN — Brilliant Orange red buds, open to blooms of golden yellow stained coppery red and orange rose.

We think there is no rose more beautiful than this grand variety.

LOS ANGELES—One of the most notable garden roses and the first American variety to receive the grand prize at the Bagatelle garden (Paris). Its color is a luminous flame pink, toned coral, shaded translucent gold at base of petals. An upright sturdy grower bearing perfect flowers on strong stems. We cannot recommend this rose too highly.

OPHELIA — Lovely pearly white shaded to pink in center. Pointed buds. A good cut flower. Profuse bloomer.

RED RADIANCE—Excellent for cutting. Buds somewhat rounded. A very popular variety.

PINK RADIANCE—Same as Red RADIANCE but color pink.

PRAIRIE QUEEN CLIMBING ROSE—Beautiful pink clusters not as hardy as Paul's Scarlet climber, but a good rose.

PRAIRIE KING—The outstanding rose of the whole world. There is no rose that will anywhere equal it for vigorous growth, freedom of blooms and adaptability to unfavorable conditions. It will outbloom any rose grown by three to one. It is a beautiful red. It is not unusual for a single plant to bear 50 blooms at one time. A continuous bloomer. Fragrant. This grand rose should be in every garden.

PAUL NYRON — The largest rose grown. Very hardy and a vigorous grower. Long stiff stems. Pink.

MADAME CAROLINE TESTOUT — Silvery pink, deepening toward center to dark rose. Very rigorous, hardy and a profuse bloomer. The rose that made Portland, Oregon, famous.

LADY HILLINGDON—We have long been looking for a free blooming yellow rose. This is a beautiful apricot yellow shading to creamy white as it opens. Stems eight to ten inches long. A single bloom on each stem.

JOANNA HILL—Clear yellow, deepening at the center. Very profuse bloomer.

IMPERIAL POTENTATE — A dark pink. Very strong grower. Large blooms on long stems.

PRES. HOOVER—Handsome yellow orange scarlet buds. Wonderful bloomer. Long stems.

ETOILE de HOLLANDE—Dark carmine, very velvety and usually considered the best of all reds. Large flowers, long stems and vigorous grower.

ALL OUR ROSES ARE TWO-YEAR FIELD-GROWN NO. 1 PLANTS

Prices of all roses, unless otherwise stated, \$1.00 each; \$10.00 per dozen.

EVERGREENS

BLACK HILLS SPRUCE—Entirely hardy. Vigorous and compact growers. 18-24 in. \$3.75; 2-3 ft. \$6; 3-4 ft. \$7.50.

BLUE SPRUCE—Beautiful steel blue foliage. Very ornamental and hardy everywhere. 2-3 ft. \$6.50; 3-4 ft. \$12.50; 4-5 ft. \$15.50.

PYRAMIDAL ARBOR VITAE—Narrow slender evergreen of great beauty. Used extensively at corners and entrances in foundation plantings. 2-3 ft. \$5.00; 3-4 ft. \$6.50; 4-5 ft. \$10.00.

GLOBE ARBOR VITAE—A low growing formal grower, round in shape. Used in connection with Pyramidal Arbor Vitae in foundation work. 12-18 inches in diameter \$3.50; 18-24 inches \$5.00.

RED CEDAR—Tall pyramidal tree with spiny foliage. 2-3 ft. \$5.00; 3-4 ft. \$7.50.

MUGHO PINE—Grows about two feet high. Very formal in growth. Very beautiful green throughout the winter. Used extensively in entrance plantings. 12-15 inches \$3.50; 18-24 inches \$4.50.

SAVIN JUNIPER—A low spreading many branched evergreen. Used for planting in between taller growing varieties in foundation work. Entirely hardy and drought resistant. 12-18 inches \$3.50; 18-24 inches \$4.50.

PFITZERS JUNIPER—A low spreading evergreen of the informal type. 12-18 inches \$3.50; 18-24 inches \$4.50.

ANDORA JUNIPER—Very low growing, spreading evergreen not over six inches high. Used in front of Savin and Pfitzers junipers in foundation work. 12-18 inches \$3.50; 18-24 inches \$4.50.

CHANDLER'S SILVER SCOPULORUM—Very beautiful pyramidal tree. Considered by many nurserymen as the best of its type. Hardy and easy to grow. Bright, silvery foliage, very fine. 2-3 ft. \$7.50; 3-4 ft. \$10.00.

HILL'S DUNDEE JUNIPER—Greyish green. Pyramidal in type. Very uniform in growth. In the winter it turns a purple plum color. Considered one of the best. 2-3 ft. \$5.00; 3-4 ft. \$7.50.

JUNIPER SCOPULORUM—Pyramidal in type. Silvery foliage. Very hardy and drought resistant. 2-3 ft. \$5.00; 3-4 ft. \$7.50.

JUNIPER CANNARTI—A dark green color which is maintained throughout the winter. Pyramidal in type. Very hardy, very desirable. 2-3 ft. \$7.50; 3-4 ft. \$9.50.

JUNIPER SAVIN TAMRISCIFOLIA—Similar to Savin Juniper but does not grow as tall. 12-15 inches \$3.50; 18-24 inches \$4.50.

With the exception of Black Hills and Blue Spruce the above evergreens are suitable for an evergreen foundation planting when properly arranged. If you are in doubt as to the proper arrangement write us enclosing an outline of the building along which you wish to plant and we will gladly work out a plan that will be effective and harmonious.

PERENNIALS

GOLDEN GLOW — Double yellow flowers borne profusely summer and fall, 3 to 5 feet high. Succeeds everywhere.

GILLARDIA — Brown and orange flowers freely borne in summer. Height 18 inches.

SEA LAVENDER—Similar to Baby's Breath. Blooms are lavender, plants \$1.00 each.

BLEEDING HEART—From the old fashioned garden. Very popular. Strong plants that bloom first year. \$1.00 each.

CANTERBURY BELLS — Blue bell-shaped flowers in profusion.

IRIS—The following colors: blue, white, pink, purple and yellow.

PHLOX—One of the best perennials, blooms from summer to fall. About two feet high. Colors red, pink, white and salmon. Do not fail to order some of these. They will please you.

CARNATIONS—A splendid perennial 18 inches high. Blooms all summer. Red. Succeeds anywhere. Fine, 75c each.

BRISTOL FAIRY—This new double Baby's Breath should be in every garden. It is such an improvement over the old Baby's Breath that we dug up and threw away all our plants of the single variety. The flowers are four or five times as large as the single variety, and a much more distinct white. Blooms the first year and continuously till late fall. Our plants are grafted to insure your getting the true strain. Invaluable for arranging bouquets. Each \$1.00.

SHASTA DAISY—Large White flowers, 18 inches high.

LARKSPUR—Blue flowers on long spikes. Height 4-5 feet. Blooms in the summer. Succeeds everywhere. Fine for a background for shorter flowers.

PENTSTEMON GARNET—Splendid, showy, blooms freely first season, clear garnet color, vigorous grower. 75c, 3 for \$1.50.

SWEET WILLIAM—Too well known to need any description.

PYRETHUMS—Daisy like flowers in red and pink.

IRIS—Regular and choice new varieties. Write for list.

COLUMBINE—Splendid long spur hybrids, assorted colors.

LILY OF THE VALLEY—Delicate white flowers. Very sweet scented. Should be planted in the shade.

DWARF CHRYSANTHEMUMS—Very desirable for fall flowers. They come in red pink, bronze and yellow. Sometimes called Pincushion Mums. Plants 3 for \$1.00. Also tall raules.

HARDY ASTERS—Also desirable for fall flowers. We have them in lavender, pink and red.

All Perennials, unless noted, 3 for \$1.00; \$2.75 per dozen.

GLADIOLAS

MRS. LEON DOUGLAS—Enormously large flowers of beautiful begonia-rose striped with flame-scarlet, the lower petals pale lemon, speckled ruby. The tall strong stems produce several side shoots. Considered one of the largest Gladiolas in existence.

PELEGRINA—Almost blue. Very fine.

SHIRLEY TEMPLE—Large ruffled cream.

PICARDY—Delicate flesh pink.

DR. BENNET (New) — Peach-red overlaid with flame. Scarlet throat, speckled with ruby and white.

GATE OF HEAVEN—Deep yellow.

BAGDAD—Immense blooms of smoky old gold.

BETTY NUTHALL—Orange pink, late bloomer, very desirable.

LOS ANGELES—Salmon, pink, large early. A very fine forcer.

MAMMOUTH WHITE—Large beautiful clear white.

MANY OTHER VARIETIES—List sent on request.

Dozen. 75c; 50 for \$2.00, No. 1 Bulbs.

FRUIT TREES

WEALTHY APPLES—The most largely planted of any apple in the north. Fine quality. Hardy everywhere. Fall and early winter.

McINTOSH—Not quite as hardy as the wealthy. Do not recommend it north of Billings Montana, except west of the Rocky Mountains.

HARALSON—A new red apple of splendid quality. Bears heavily and young. Fine flavor. Season winter. Hardy.

DUCHESS—Very hardy and vigorous and of excellent quality, summer and fall.

FRUIT AND FLOWERING CRABS

DOLGA—Fiery red bloom and in fruit surpasses all varieties for jelly.

HOPA—Similar to Dolga, but flesh is red. 5-6 ft. trees of either variety. Each \$1.75.

YELLOW TRANSPARENT—A sure and annual bearer and extremely hardy. Summer.

ANOKA—A summer apple similar to Duchess. Bears the next year after planting.

HYSLOP CRAB—Beautiful red fruit.

WHITNEY CRAB—Large, well flavored and makes a good eating apple.

FLORENCE—A heavy bearer. Tree never gets very large on account of its heavy bearing qualities.

Prices on all apples and crabs, 5-6 ft. \$1.50; \$15.00 per dozen.

CHERRIES

COMPASS—Not a true cherry. Flavor more like plum. 4-5 ft. \$1.50 each.

MONTMERCY—A true pie cherry. 4-5 ft. \$1.50 each.

EARLY RICHMOND—Another popular pie cherry. These two last cherries are not recommended north of Billings, except west of the Rocky Mountains. 4-5 ft. \$1.50 each.

GOOSEBERRIES

PIXVELL—Berries red. An early and abundant bearer. Recommended highly by the Minnesota State Horticultural Society. 75c each; \$7.50 per doz.

RHUBARB

Heavy plants that produce the first year. \$1.50 per doz.

ASPARAGUS

Two-year plants, \$1.00 per dozen.

GRAPES

BETA GRAPES—Hardy in any part of the Prairie states. Good size and flavor. 75c.

PLUMS

OPATA—One of Prof. Hanson's creations from South Dakota. Bears next year after planting. Fine fruit and abundant flesh green.

UNDERWOOD—Large red plum. Splendid flavor, very hardy 5-6 ft. \$1.50

WANETA—Largest of the hardy plums. An early and an abundant bearer. 5-6 ft. \$1.50.

CURRENTS

RED LAKE—A new introduction from Minnesota Fruit Breeding Farm. Considered the best red currant in cultivation. Two-year plant 75c; \$7.50 per dozen.

STRAWBERRIES

GEM EVERBEARING—Pedigreed plants. Best of all everbearing. \$3.50 per 100.

RASPBERRIES

LATHAM—By far the best red raspberry grown. Much more desirable than St. Regis. \$1.00 per dozen.

BUSH CHERRIES

BUSH CHERRIES—Good flavor. Highly productive and very hardy. 2-3 ft. 75c.

BROOKS—A named variety, similar to sweet cherry, good size. 2-3 ft. \$1.

Cherries come into bearing very young, usually the next year after planting. They should be planted about four feet apart. They are a distinct addition to the list of fruit that can be grown in the prairie states. The bush cherry makes a desirable medium-sized shrub and can be used in landscaping. Makes excellent jam.

PEONIES—For Fall Planting

Peonies can be planted in the fall or spring in soil naturally rich, but not fertilized. Avoid deep planting as plants will not bloom. Crowns should be covered two inches only. Ours are all strong four to five eye plants. Taken from young plants.

WHITE VARIETIES

BARONESS SCHRODER — 9 Milk
White fine blooming variety. \$1.00 each.

MME. de VERNEVILLE—Early large
white flowers with crimson markings.
A reliable sure bloomer. \$1.25.

FESTIVA MAXIMA—9.3 Large white
flowers with light carmine flakes in
the center. A very vigorous grower.
\$1.00 each.

PINK VARIETIES

EDULIAS SUPERBA — 7.6 Bright
clear mauve pink with silvery reflex.
Rose fragrance. Early, \$1.00 each.

MONS JULIES ELIE—9.2 Early Lilac
pink. Sometimes called the King of
Peonies. \$1.25.

SARA BERNHART—9. Mid season.
Flowers large, full and double. Per-
fect form. Fragrant. Apple blossom
pink. Petals tipped with silver. A
grand variety. \$1.50.

WALTER FAXON—9.3. Most vivid of
all pinks. Fragrant. \$1.25.

RED VARIETIES

FELIX CROUSE—8.4. Rich brilliant
dazzling ruby red. Exceptionally bright
and effective. \$1.00 each.

LONGFELLOW—9. Bright crimson
with cherry tone. Erect in habit. Early.
\$1.50 each.

MARY BRAND—8.7. Crimson with silky sheen. Golden stamens in cen-
ter. Very profuse bloomer. \$1.25.

OFFICINALLIS RUBRA—8.6 Large
round blooms of vivid crimson. Two
weeks earlier than the main crop of
peonies. \$1.50 each.

RUBRA SUPERBA—7.2. Magnificent,
rich, deep crimson red. Very large,
full and double. Very fragrant. \$1.50.

The number after the name denotes the rating given the variety by the American Peony Society.

We have many other old and new favorites. List sent on request.

BULBS

NARCISSUS—One of the first to bloom in the spring. Familiar to all. Dozen \$1.50.

TULIPS—Our tulips are of the assorted varieties. We select eight or ten of the best Darwin varieties and mix them ourselves. We can furnish in separate colors if desired. Dozen \$1.00; 50 for \$3.00; 100 for \$6.00.

REGAL LILY—Very similar to the Easter lily. White with pink shadings. Profuse bloomer. 25c each; \$2.50 per dozen.

TIGER LILY—Too well known to need description. Very rigorous and hardy. Blooming size 25c each. \$2.50 per dozen.

ELEGANS LILY—Blooms earlier than the Tiger Lily. Flowers upright. Colors red. Does not grow as tall. Very popular. Each 25c. Dozen \$2.50.

CORAL LILY—A lily from Siberia. Flowers are deep scarlet. Blooms in June. Blooming size 25c each; \$2.50 per dozen.

Our stock is first class in every way, carefully dug and packed in the best possible manner and will reach you in prime condition. If promptly and properly planted there will be no failures.
